Compared to Kern River, Chill Factor is streamlined, constructed primarily of originals and given a clean, gleaming production designed with the radio in mind.

Chill Factor - Merle Haggard | Songs, Reviews, Credits ...

Wind-chill or windchill (popularly wind chill factor) is the lowering of body temperature due to the passing-flow of lower-temperature air. Wind chill numbers are always lower than the air temperature for values where the formula is valid. When the apparent temperature is higher than the air temperature, the heat index is used instead.
