Pro street enjoyed its heyday in the late 80's and early 90's, back when I was an installer at a shop that dealt Clarion. I had a 7770 and a 920eq. I regretted selling it from the moment I did, especially the 920eq. In order to tie into the old school influences on the build, I have been looking for a 920eq for about two weeks now with no luck.
