I heard back just now. Steve can call you or you can call him (517) 241-7390 when you become available. He will be in a conference call but Marybeth will pull him out so it will a few moments for him to come to the phone. If you want him to call you let me know and the number he should use. Not sure if you want him to call the (608) 669-8040. Just let me know how you want me to handle.
