Expert One-on-One J2EE Development without EJB by Rod ...

Main Expert One-on-One: J2EE Design and Development. Expert One-on-One: J2EE Design and Development Rod Johnson. The results of using J2EE in practice are often disappointing - applications are often slow, unduly complex, and take too long to develop. I believe that the problem lies not in J2EE itself, but in that it is often used badly.
