The HP-35S was released to commemorate the 50th anniversary of the original HP-35A calculator's release. It contains some departures from previous HP calculator practice, not least being the absence of the rectangular <-> polar transformations. This made it less suitable for surveying use, but this could be overcome with suitable programming.

**HP-35S Calculator - Wollindina**  
The HP 35s (F2215A) is a Hewlett-Packard non-graphing programmable scientific calculator. Although it is a successor to the HP 33s, it was introduced to commemorate the 35th anniversary of the HP-35, Hewlett-Packard's first pocket calculator (and the world's first pocket scientific calculator). HP also released a limited production anniversary edition with shiny black overlay and engraving "Celebrating 35 years".
