Grammar and Participle. English verbs can take several basic forms, which we call their principal parts: the infinitive (move, speak, etc.), the past tense (moved, spoke), the past participle (moved, spoken), and the present participle (moving, speaking). The participles are words that "take part" in two different word classes: that is, they are verb forms that can also act like adjectives ("the spoken word," "a moving experience").

## **Participle | Definition of Participle by Merriam-Webster**

Definition: A participle is a word formed from a verb that can function as part of a verb phrase. There are two participles: The present participle and the past participle. They can both be used as adjectives. Present participle The present participle is formed by adding "-ing" to the base form of a verb. It is used in:
