In The Arts and the Creation of Mind, he continues this tradition and offers us a primer for the future. . . . As Eisner's book draws to an end, one is left with a sense of urgency to explore the arts, a sense of pride in knowing the power of the arts, and a sense of vitality as the arts are embraced as mind creating events.

Expression in the creation of art The creation of a work of art is the bringing about of a new combination of elements in the medium (tones in music, words in literature, paints on canvas, and so on). The elements existed beforehand but not in the same combination; creation is the re-formation of these pre-existing materials.
