I purchased several Random House Chess Books for review, this one, this author's Endgame book, and Chess For Juniors by Snyder. Whereas, I found this book to be better than MacEnulty's King and Pawn book for kids, this book has some serious shortcomings as well. First of all, I found that there weren't enough example positions in the book.

Like the previous books, Chess School 4 consists of three parts. The first part deals with chess endings, those in which the rook is the most powerful piece on the board. The second part is the chapter "Wonderful world of chess combinations"; here, a new theory of combinations and classification is presented, one that takes Botvinnik's definition of a chess combination as the starting point.
