COMPASS - Menunjuk arah, yang kami yakini benar

The Compass of Pleasure (2011) explains what seemingly different experiences, from taking heroin to giving to charity, from overeating to orgasm, have in common: their impact on our brain's pleasure circuitry. These blinks reveal the way pleasurable experiences rewire our brains over time and explain the true nature of addiction.

The Compass of Pleasure by David J. Linden

The Compass of Pleasure makes clear why drugs like nicotine and heroin are addictive while LSD is not, how fast food restaurants ensure that diners will eat more, why some people cannot resist the appeal of a new sexual encounter, and much more. Provocative and illuminating, this is a radically new and thorough look at the desires that define us.
